Beauty, Durability and Performance

A collection of high-pressure laminates and decorative surfaces is offered through each of our distribution centers, including the innovative and stylish designs of Arborite® and Liri America®. Architects, designers, furniture manufacturers and display fabricators will also find a broad selection of special order materials available.

Laminates provide virtually endless design options that are both beautiful and durable. A wide variety of colors, textures and special finishes makes for versatile design, whether residential or commercial.

Many of the laminate products stocked at our distribution centers qualify for points in the LEED (Leadership in Energy and Environmental Design) Green Building Program as established by the U.S. Green Building Council's certification system. Please refer to the chart on page three for a list of products.

For more detailed information about products and finishes available, please call your local distribution center or visit the Arborite and Liri America Web sites.

ARBORITE® DECORATIVE SURFACES

Since its founding in 1948, Arborite® has pioneered much of the technology behind today's high-pressure laminates. Arborite's reputation is built on quality products, great selection and dependable service.

With more than 200 colors to choose from, Arborite is the leading manufacturer of decorative high-pressure laminates. Arborite introduces new colors, patterns and finishes each year to ensure that innovative selections are always available to help designers and architects bring vision to life for both residential and commercial installations. Arborite takes its cue from the world and the environment around us to bring you the latest in colors and trends.

You can view Arborite products and request samples online at www.arborite.com/en. We invite you to put the quality of Arborite products and the experience of our sales representatives to work for you. Hardwoods Incorporated is the exclusive distributor of Arborite for Georgia, Alabama and Tennessee.

Our distribution centers stock the most popular colors and patterns of Arborite laminates. For non-inventory items, special finish options, laboratory-grade or fire-rated panels, there is a three- to four-week lead-time required with a one-sheet minimum order. Call your Hardwoods Incorporated sales representative for more information about specialty products from Arborite.

Arborite® High-Pressure Laminates

Style/Family	Finish	Available Sizes		
<p><i>Solids</i></p> <p>From bright, clean solids, to subtle, understated pastels, Arborite offers a selection of 30 colors that are ideal for both residential and commercial installations.</p>	Breccia (BC) ^{*†} , Cashmere (CA), Diamond (DI), Gloss (GL) ^{**} , Laqwood (LQ)	4 x 8 5 x 8 30" x 8'	4 x 10 5 x 10 30" x 10'	5 x 12 30" x 12'
<p><i>Patterns</i></p> <p>Arborite offers an appealing collection of patterned finishes from the appearance of beaten metals to classic stone-like surfaces that wear beautifully without the meticulous care required for natural materials.</p>	Breccia (BC) ^{*†} , Cashmere (CA), Diamond (DI), Gloss (GL) ^{**} , Laqwood (LQ), Luminus (LM) [†] , Refined Matte (RM) [†]	4 x 8 5 x 8 30" x 8'	4 x 10 5 x 10 30" x 10'	5 x 12 30" x 12'
<p><i>Woodgrain</i></p> <p>This laminate design features 37 wood patterns, including exotics such as dark zebrano, honey speckle maple, copper wood and cognac figured anigre.</p>	Cashmere (CA), Diamond (DI), French Polish (FP) [†] , Gloss (GL) ^{**} , Laqwood (LQ), Refined Matte (RM) [†]	4 x 8 5 x 8 30" x 8'	4 x 10 5 x 10 30" x 10'	5 x 12 30" x 12'
<p><i>Metalux</i></p> <p>This spectacular laminate provides the subtle look of softly brushed bronze, copper, pewter and aluminum.</p>	Metalux (MX) [†]	4 x 8 5 x 8 30" x 8'	4 x 10 5 x 10 30" x 10'	5 x 12 30" x 12'

Arborite Decorative HPL Grades

Grades for high-pressure laminates are based on thickness.

Vertical Grade A3 – or vertical surface. Arborite A3 is .028" thick.

Standard A5 – also referred to as general or horizontal grade, is between. Arborite A5 is .048" thick.

Postforming Grade A4 – Used to make post-formed counters and tops. Arborite A4 is .039" thick.

Other Arborite Laminate Products

Contact your Hardwoods Incorporated sales representative for more information about specialty products from Arborite, including those listed below.

Arborite Fire-Rated Laminate – Arborite fire-rated laminates meet **Class A/Class I fire rating in accordance with Underwriters Laboratories.**

Arborite Compact Laminate – a high-pressure solid composite designed for laboratory work surfaces, fume hood decks, fume hood liner panels, pegboards (drying racks), reagent racks, commercial countertops, cabinet drawer fronts, locker drawers, shelving, window sills and toilet partitions, and decorative casework components. Compact grade panels provide exceptional chemical and stain resistance combined with superior physical characteristics.

Greenguard Certification

Arborite high-pressure laminates have achieved Greenguard Indoor Air Quality Certification from The Greenguard Environmental Institute (GEI). Arborite's Greenguard-certified low-emission surfacing makes for a healthier environment for commercial, residential, hospitality or healthcare applications. Products certified by the GEI help to significantly reduce indoor air pollution. Greenguard-certified products may contribute points to LEED (Leadership in Energy and Environmental Design) certification. For more information about Arborite products that may contribute points for LEED certification, please call your sales representative.

Standards and Certifications

Arborite high-pressure laminates meet or exceed the following standards:

- ANSI/NEMA LD3-2005 for high-pressure laminates
- NSF/ANSI Standard – Laminated Plastics for Surfacing Food Service Equipment
- MEA – Materials & Equipment Acceptance
- ISO 9001:2000 Quality System Certified

LIRI AMERICA®

LIRI AMERICA®

Liri offers a broad selection of high-quality laminates that are readily available and competitively priced. Unique patterns and color interpretations provide extensive options for design. From pearlescent woods to metallics, Liri guarantees that exclusive colors and patterns cannot be found in other laminate lines. Hardwoods Incorporated is the exclusive distributor of Liri Laminates for Georgia, Alabama and Tennessee.

High-Pressure Laminates LPR

More than 300 laminate designs are available from Liri in the U.S. Call your Hardwoods Incorporated sales representative for more information about high-pressure laminates from Liri. To view color and pattern options in detail, please visit the Liri America Web site at www.liriamerica.com, or if you prefer, call 888-522-5474 for samples.

Liri Decorative HPL Grades

Grades for high-pressure laminates are based on thickness.

Used to make post-formed counters and tops, Liri's postforming grade is .035" thick.

Standards and Certifications

Liri high-pressure laminates meet or exceed the following standards:

- ANSI/NEMA LD3-2005 for high-pressure laminates
- NSF/ANSI Standard – Laminated Plastics for Surfacing Food Service Equipment
- MEA – Materials & Equipment Acceptance

Six Distribution Centers Serving the Southeast

We are committed to being your natural resource for hardwood lumber, plywood, veneers and a variety of quality cabinet supplies. As an industry leader, we continually upgrade our services and equipment to ensure on-time delivery for every order and the broadest possible offering of remanufacturing services. Six strategic locations throughout the Southeast allow us to provide top-notch service combined with competitively priced products.

Our premium hardwood is air-dried under sheds to guarantee flat, bright lumber. Covered air-drying sheds, computerized kiln controls, variable-speed fans, equalizing and conditioning ensure a consistent, high-quality product.

State-of-the-art computerized systems ensure that inventory is up-to-date and the highest quality standards are maintained in every process, from kiln drying to custom sorting. Please contact one of our six distribution centers for detailed information about product availability, custom orders and lead-times for specialty products.

Members of the Georgia Chapter of the Architectural Woodwork Institute (AWI), Wood Components Manufacturer's Association (WCMA), National Hardwood Lumber Association (NHHLA), the North American Building Material Distribution Association (NBMDA), and the Hardwood Distributors Association (HDA).
