

Cypress – The Natural Choice

As the largest cypress millwork producer in the world, AHC can offer solutions for both interior and exterior applications. Cypress is a durable and attractive wood product ideally suited for exterior projects such as paneling, siding, trim and furniture.

In addition to the natural durability for exterior applications, its natural golden color, as well as quality staining and painting properties, make it an ideal choice for interior projects.

A lasting, durable solution...

Why use CYPRESS?

- **Natural Oil "Cypresene"** provides resistance to insects and decay - no chemical treatment needed
- **Available** in 4/4 and 8/4 thickness
- **Attractive** in the natural state but also retains paint well and stains beautifully
- **Machines** well, planes easily and resists warping
- **Kiln Dried** at state-of-the-art facility and machined in-house
- **Grade Consistencies:** SEL & BTR, #2
